CHAPTER 67:
ETERNAL YOUTH

Strange
thing

What
is
that
about?

The
song?

Every
year,
they
visit
the
same
land

And
count
the
fish
in
the
sea
to
multiply

Married

It's a
month.

An
oncelral
spit-hal
choat

Never
suffering
death

Never
giving
aid

Never
failing
it.

Can
be

Would
you like it?

Huh?

Come
into
the
world

Come
with
me!

Or
we can
raise
children
together

Let's
go
together

—
Mika

What
I
really
want
...

To
be
become
an
adult

What?

She
also

—

Rejected
me!

DO YOU
WANT TO BE
ESSENTIAL?

THE
MUSIC OF THE
MUSIC OF THE
MUSIC OF THE
MUSIC OF THE
MUSIC OF THE

THE
MUSIC OF THE
MUSIC OF THE
MUSIC OF THE
MUSIC OF THE

I
want

I
want
to
become
an
adult!

So
this

—
This
is the
start of
it all

*Shimazaki
Fumiko*

End of chapter 87

So
it's
as
I
suspected
—

You're
to
blame
—
Just
you

CHAPTER 63:
BE YOURSELF

My sister
refused the
Dragon's offer

The goal of the
Dragon was to
have a male and
a female mated together
to create a
new species

The Call 23
which fused
with me and
flowed. It
lacked it's
feminine component

But
I did
not
give
up

So
I
continued
to
age

I
would
not
fail

I'm
certain that
I would have
a daughter
like
Barbie

And
I waited
for another
opportunity!

You?

Who
are
you?

But...
Then I
will
choose
method

You
are
don't
understand?

You
and
I
are
alike!

I
know
what I
have
to
do!

Two of us
is too many!
One of us
must simply
disappear!

His
Audience?

But this
is a
special
plan

I will
also change
form and
become
the most
powerful
being in
existence

In
that
case

10/14C

23!!

To
achieve his
own ends, he
manipulated
Maka's
memories

Master
Kiryu

Tried to
imprison
Panda (Shinobu)
the one selected
by the Dragons

Where
happy days
to, and
one mother
without
and

And
created a
world of
illusions

Made
up of
nothing
but lies

Logically
Mama should
have agreed
to stop

And
the Time
of Life
would then
have come
into
action

*An
immortal
infant!*

*Does not
feel love,
does not
grow up,
does not age,
does not die*

*...
Does
nothing*

*A
humanity
that does
not grow
and does
not fear
aging,
betrayal,
pain*

*And
Yuriko as
a receptacle,
they would
become the
source of
a new form
of life.*

*Using
his
DNA*

That
is what
Takanoya
could have
been!

An
asexual mode
of reproduction

End of chapter 66

Two

I'm alone
all
again.

ああああ?

I found them wandering just in this alternate reality.

Who are these guys?!

But
Then...

The
other?

With 23
and the
differing
things...
And
everyone
killed...

The
other
world?

And
the
past
tree...
All
of
them...

Really
happened?!

It
...

All
these
memories
...

Are
real.

It's
hard
to
accept.

I
know

—

If you
want, we
could remain
children
forever

...
Living in a
fantasy
world

Like
my
father

They're
in a
never-ending
battle

Can't
we do
some-
thing?

They
will
fight
forever
in this
unchanging
world

You are
the heart
of this world.
You give it
shape.

The
truth!

You
must
accept

*Stop,
Akiko!*

Akiko

*You only
have to say
a few words
to break the
spell*

I'll
—
Never
—

If I do that
—

Be
with
Fumiki
again
?!

MIKAI

Fate

A black and white photograph of a person lying down, covered in a patterned blanket. The person's face is not visible. Above the person's head is a white oval speech bubble containing the text "I won't cry!". The background is dark and textured, possibly a wall or a large piece of fabric.

I
won't
cry!

More
good!

It's
started
again!

Don't

The

PROMISE

Yuriko

2000

Lightning struck
the Tree of Life!

BOOOOM!

It's a miracle!
The lightning struck
the Tree of Life
for the
advantage of life!

By
lightning
the Tree of Life
was struck
with the
power

DZ

There's
it...

...the
diamond
and a
diamond
mine
diamond
mine.

The secret
behind the
creation
of the
legend

So
it's an
insurance
of the
Tree
of
Life!!

Funk!

18 000

Will you promise me?

...The day
you have
repopulated
the world...

You
promise
me,
okay?

You'll come
and get me?

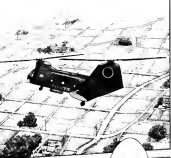

I'll wait
until that
day
comes!

I'll
wait,
Fumiko!

So, now,
the process
is complete

Isn't
it?

I want to
become an
adult

She is like the
new life forms
that will appear.
Able to overcome
all obstacles and
pain, to keep
moving forward.

She
accepted
her fate.

Beings are
represented as
these symbols
of suffering
and joy

That's why
you took the work
you want it
I'll be
on my hands
I'll be up

I
want
...

I
want
...
To stay
...
With
Panda!

You're
right.
You
have
to
stay
with
Fusko

Oh

Goodbye,
my
carefree
youth

End of chapter 71

CHAPTER 72:
N BLOOM AGAIN.

Disaster,
the rotor's
vibrations
are causing
buildings to
collapse.

We can't
continue
to fly this
low.
I'll take us
back up!

Doctor?

The forest has continued to expand

I still
can't
believe
it

They
say it
was one of
the most
significant
of times
in the
world

The scientists on
present missions reported
that the civilization was still
flourishing and
continuing to grow

But it's
great that
we can
witness a
piece of
history

Looking at a collection of ancient ruins

Our
civilization
is
on
the
brink

After each
major disaster
the world
disappears
it's cleared
off over
the planet

And he
said!

It's
only a
foreshadow
- just
not
it's
not!

If that
can't
work,
just
making
observations
will
never
be
possible!

If we
promise
nothing
definitely
"it"
will
take
many
more
than
just
Japan
the
next
time!

The
Dread
of
Lies!

The whole world has seen him in much the same way that Japan and devastated.

The U.N. built an observatory, led by Dr. Curtis.

I was still in high school when I read Dr. Curtis' report.

Look

A historic moment

"Do not touch,
do not pollute,
do not wake up
the
Tree of Life!"

Thanks to
which the
level of CO₂
in the
atmosphere
has not
increased!

And
the
motto

Michael!

Are you
listening
to me?

Say
some-
thing

Don't just
stand
there
looking
like that!

Pumilo...

And evolution
here, is still
going on

They completely
merged with the Tree of
Life. It's
impossible to
recover their
bodies, but

By
doing this
survey we
are able
to contact
them

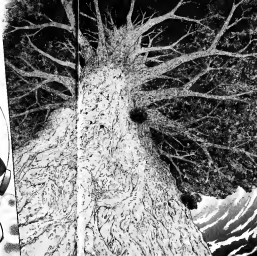

So
calm,
such
serenity

*I
come
back*

"Becoming
Freaky"

It's
marvel-
ous...

It's not
right
The world
really is

But

At the
fact of this
tree, I can
feel your
presence
the most.

It's
still
here
